PROFILE

Third-semester B.Tech CSE (AI & ML) student at Graphic Era Deemed to be University with an interest in programming, data structures and algorithms, and machine learning. Focused on building practical academic projects, strengthening problem-solving skills, and developing toward a career in software engineering.

EDUCATION

Graphic Era Deemed to be University — B.Tech in Computer Science & Engineering (AI & ML)
3rd Semester | Dehradun, Uttarakhand

TECHNICAL SKILLS

Languages: C, C++, Python

Core: Data Structures & Algorithms, Object-Oriented Programming

AI/ML: Machine Learning Fundamentals

Tools: Git, GitHub, VS Code, Jupyter Notebook

Soft Skills: Problem Solving, Teamwork, Presentation

PROJECTS

Smart Electricity Management System using Data Structures and Algorithms — C++ · DSA

Designed a practical electricity-usage solution that estimates appliance-wise energy consumption and cost, analyzes peak/off-peak usage, provides alerts and recommendations, and supports what-if usage scenarios.

Disease Risk Prediction — Python · Machine Learning

Developed an academic machine-learning project involving data preprocessing and classification, with evaluation using accuracy, precision, recall, F1-score, and a confusion matrix.
